

Improving Quality of Life for Colon Cancer Patients and Caregivers Study

The University of Hawai'i Cancer Center is conducting a study that provides information and resources at no cost designed to help colon cancer patients and their caregivers

Our goal is to find out if providing these resources will help patients

- Educational resources will be provided to you at no cost
- You will be compensated for your time and effort

You may be eligible to participate in this study if:

You are over age 18

You live in Hawai'i

You or a family member was recently diagnosed with colon cancer

Someone helps you as a colon cancer patient or
You help a colon cancer patient with managing their care

Call the **University of Hawai'i Cancer Center** to find out if you are eligible to join this important study
